has been registered by InS Services (UK) Ltd

Incidental Food Contact & Release Agent

This product is acceptable as a lubricant, anti rust film or release agent with incidental food contact for use in and around food processing areas in locations in which there is a potential exposure of the lubricated part to food. The amount used should be the minimum required to accomplish the desired technical effect.

This product is also acceptable for use as a Release Agent on grills, ovens, loaf pans, boning benches, chopping boards or other hard surfaces in contact with food.
